Official Closure of Mount Nemo Christian Nursing Home: A Message of Gratitude & Farewell

It is with hearts full of gratitude that we announce the official closure of Mount Nemo Christian Nursing Home, effective November 7, 2024. This bittersweet milestone comes as part of a planned closure, with the Home's residents successfully transitioned to their preferred placement destinations over the previous 10 months. This marks the end of an era filled with care, compassion and commitment to enhancing the lives of its residents.

For almost four decades, Mount Nemo was more than just a place to live and work – it was a home. One where love, faith and community flourished. Throughout the years, Mount Nemo has benefited from God's guidance, the amazing support of its community, and dedicated staff and volunteers who have helped to maintain our reputation for providing quality care and services to our elderly residents. We often heard from residents and families that while the building was getting old and tired, it was always about the people inside who made the difference. It was a true community.

On behalf of the Management Committee and entire staff team, thank you to our residents and families over the years for entrusting us with your care; to our team members and volunteers for your faithful commitment; and to our entire community for your ongoing support. Our prayers go with everyone who has been touched by Mount Nemo in some way, and we trust that God will continue to lead and guide you, just as He has led us through this journey.

For any questions or to receive further assistance, please reach out using the contact information on our website. We are here to offer any remaining support you may need.

In faith,
